

Ted Alspach's

FITS

EXPANSION #1:

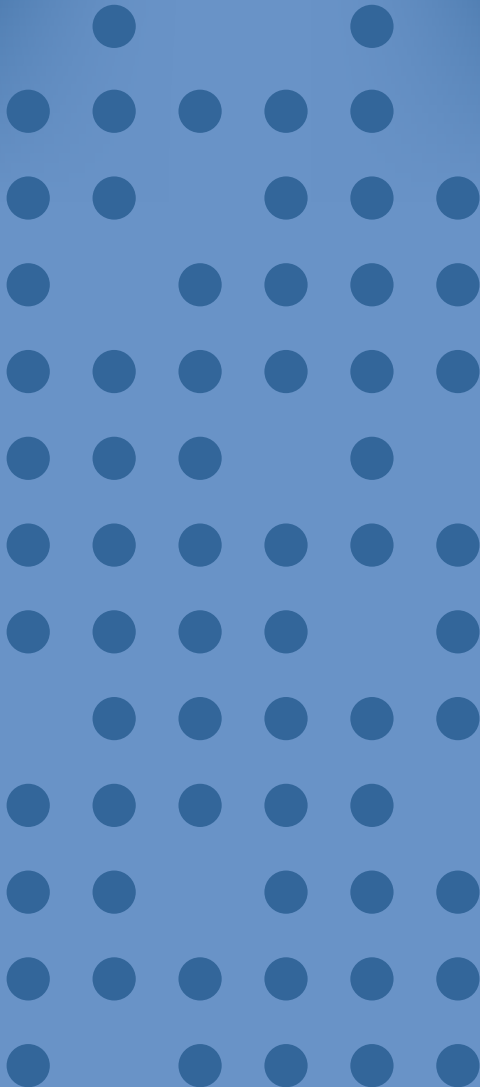

MOTS

More Of The Same

*Expansion designed by Ted Alspach. FITS game designed by Reiner Knizia.*

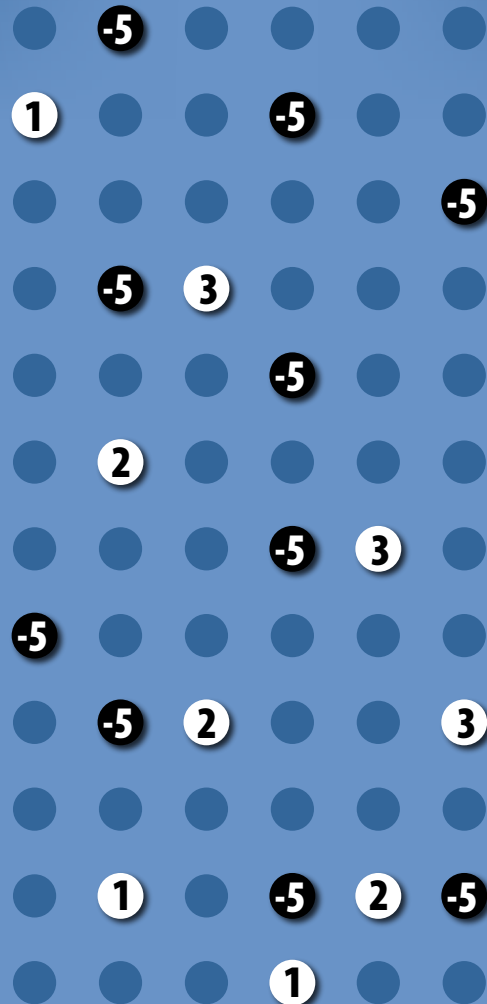

# 5

Each complete (gapless) horizontal row is +1.  
Visible dots are -1 each. The two dots above the  
"top" count, but that row does not.

# 7

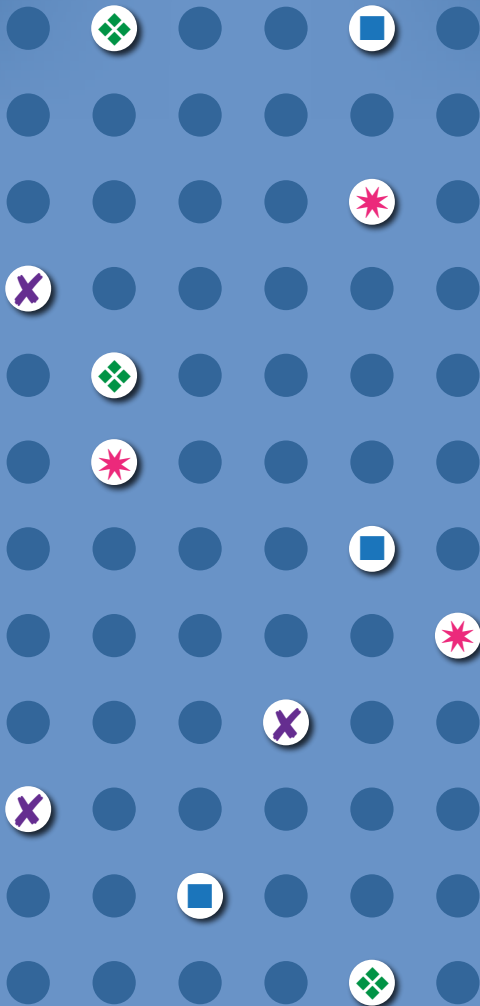

Visible white dots are + the number on the dot.  
Visible black dots are -5 each. Visible dots are -1 each.

Cut along the dark dotted line carefully. The bottom is the most important line to cut correctly.

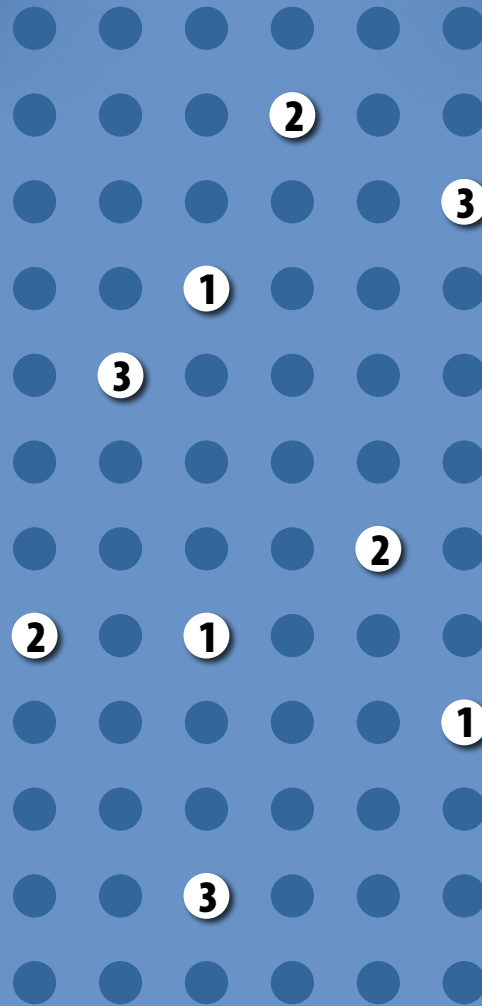

# 8

There are four sets of symbols with three symbols of the same kind in each set. Each visible set (all three symbols) is worth +5 points. Each visible symbol that isn't part of a complete visible set is worth -3. Visible dots are -1 each.

# 6

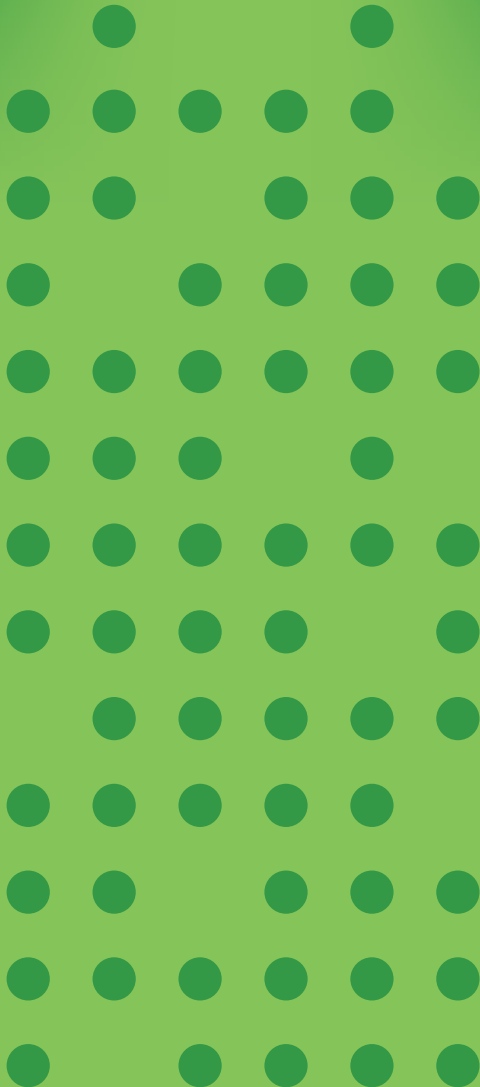

Visible white dots are + the number on the dot.  
Visible dots are -1 each.

Cut along the dark dotted line carefully. The bottom is the most important line to cut correctly.

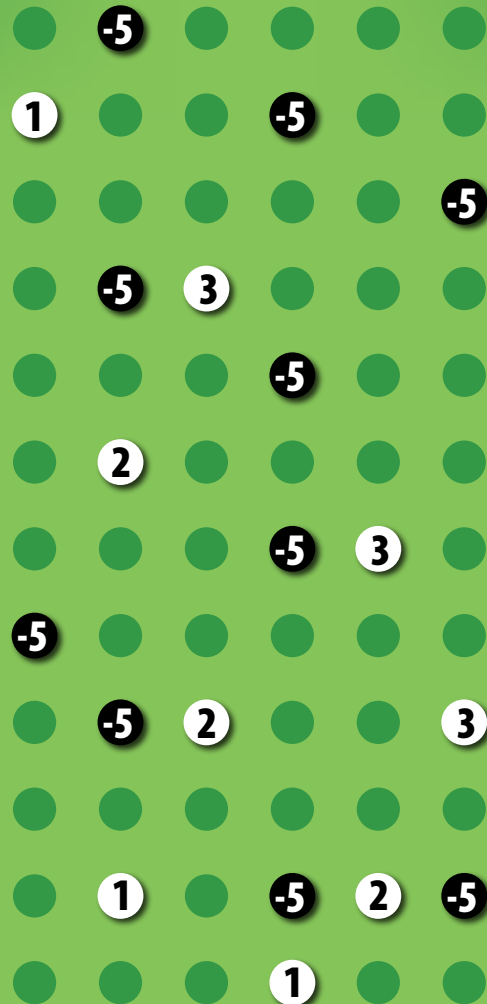

# 5
